SAVE HABITAT AND DIVERSITY OF WETLANDS

SHADOW LAKE BOG GUIDELINES FOR FIELD TRIP ADULT VOLUNTEERS

1. You will be placed with a group of students. Please stay with your group at all times.
2. Please help your group to be courteous and kind to each other and the environment.
3. It is important that the students do the activities themselves. However, feel free to read directions or clarify so the needs of the group are met.
4. Please be aware that no garbage is left behind or that the students stray from the boardwalk and paths. This is a sensitive environment and easily damaged.
5. If a member of your group needs to leave the group for some reason, please take the whole group with you until you find a staff member to take charge of the student. **DO NOT LEAVE STUDENTS UNATTENDED!** As in all natural environments, there are hazards and we don't want to have any unfortunate incidents.
6. Feel free to ask questions of the Bog staff. Your educator also has material available that you can preview before your visit to the bog. We want you to have a great experience too!

*Please feel free to visit our website at
www.shadowhabitat.com for additional information!
See you at the bog!*
