

Environmental School Policies

Environmental Education Guidelines

Goal IV, Objective C

EALR's: Communication: 2.1.1

Arts: 3.2

Civics: 4.1

Science: 1.2.1

Create a set of environmental "laws" or policies for the school and a rationale for their adoption.

- Group discussion of policies on a classroom level.
- Group discussion of policies on a school-wide level.
- Make a presentation to the student council, school board, or principal.
- Create posters, handouts, or other creative materials to advertise the policies.
- Set a trial period for the policies and then evaluate their success. This should be student-directed.

Connections to Field Trip Activities

Students could use artifacts produced on their field trip as a springboard for presentation visual aids.
